

## 40 Years of Innovation and Passion

In celebration of Kinderlands four decades in early childhood education

Kinderland Singapore celebrated 40 years of Innovation and Passion in the field of early childhood education on 31 August 2018. The grand event took place at Singapore Mariot Tang Plaza Hotel. Teachers, Principals, and Owners of Kinderland centers across the region travelled this momentous milestone.

Ms. Kwan, founder and executive Director started Kinderland preschool in 1978 in partnership with Yamaha Music School. She believed that music enhances language literacy in young children. Thus, our MMP and CMP programmes are unique and the strength of Kinderland. Over the years, Kinderland has kept abreast with the wave of changes across the world with new educational pedagogy and smart technologies to continue to be a regional leader, provide excellence in care, education and quality services.

Kinderland Singapore began the franchising of its preschool in the early 1990's. The first foreign center was launched in Jakarta, Indonesia. In Jakarta, Kinderland ranks as a top preschool. We are proud and look forward next year to celebrate 25 years of kinderland being a regional leader in early childhood education. Today, Kinderland has been established in Malaysia, Cambodia, Bangladesh, Vietnam and more regions in Indonesia and China.

The 40 years special event celebrated and honoured the achievements of the team behind what Kinderland is proud to be today. During the award ceremony we are happy to announce that Kinderland Jakarta received "Best Overseas Franchise Award". Our school directors, Dr. Suparno, Mrs. Suparno and Mr. Jonathan were honoured with this award. It was an enjoyable evening with many games and delicious dinner. From Jakarta our principals, Ms. Lenny and Ms. Ninu attended this wonderful celebration in Singapore.

Happy Birthday and Congratulations to Kinderland Singapore!

40  
YEARS  
EMPOWERING  
YOUNG MINDS

# CARINGIN CHARITY BAZAAR 2018

Kinderland Caringin had a joint Charity Bazaar with Ichthus Elementary School in September 2018. The teachers had prepared many fun games for the children like fishing, throw ball on cans, bowling, etc. We invited many vendors to set up stalls. There was delicious food, drinks and merchandise stalls. The Nursery to K2 children performed dances with finale song in the auditorium.

Many parents attended and enjoyed the performances and bazaar. It was a fun and successful event. From the charity money we bought toys and stationery for the children of Palu earthquake victims. We sent the items with Mrs. Chery, one of our parents. The families in Palu are thankful to Kinderland Pre-school and our parents for the generous donation.

## e-Ambassador / Kinderland Bonavista

Kinderland Singapore and Kinderland Jakarta had its first ever "e-Ambassador" program last October 11, 2018! e-Ambassador program is an activity wherein children in one center of Kinderland Singapore and Kinderland Jakarta will have time to share about interesting things through a Skype call (live video chat!)

The first two centers that had the opportunity to start off this unique activity were Kinderland Revenue House and Kinderland Bonavista South Jakarta. The children from both centers were all excited to see each group through a video call. Each center had a chance to introduce themselves after which they shared and talked about Singapore's National Day and Indonesia's Independence Day which are celebrated both in the month of August.

The children from both centers were confident and enthusiastic to share the following:

- ★ How is National Day/Independence Day celebrated in each respective country?
- ★ How does the flag of Indonesia and Singapore look like?
- ★ What does it represent?

Afterwards, the children also had some question and answer time! It was truly a unique activity that both centers actively participated in.

It is with a great hope that this special activity is going to be followed-up giving chance to other Kinderland Jakarta and Singapore centers to participate in.

But what Kinderland Revenue House (Singapore) and Kinderland Bonavista (Indonesia) started off was surely one memorable learning moment!

**Cheers to more e-Ambassdor learning time!**

## To Lombok With Love | from Sunrise Garden

We extend sincere thanks, to all parents of Sunrise garden for your generous support for the victims of Lombok earthquake. Your contribution played a vital role in our effort to ease some of the misery faced by the thousands affected by the destructive earthquake.

In a week's time we could collect clothes, books, stationery, milk, food, toiletries, toys etc. in Sunrise Garden. Our class mums were a big support in helping us in this drive. We would also like to thank, 'Obor Berkat Indonesia', for helping us to transport all the donations to Lombok and distributing it among the residents.

The collective spirit shown by communities and organizations in the time of emergency has been invaluable to support evacuees who are currently still living in temporary homes. We continue to pray for Lombok and Palu.

## Kinderland Pakubuwono Receives 'A' Accreditation Score

We are pleased to announce that Kinderland Pakubuwono is accredited 'A' by the government – Badan Akreditasi Nasional-Provinsi. The accreditation score is a validation of the quality program and services we provide.

The KIC focuses on the link between the school and home. Thus, as part of the learning theme "Our Home", the Creative Class students visited the home of one of their classmates and learned to identify the different rooms and the furniture present in the home.

## Pulomas Re-location

Jalan kayu Putih Raya No 15 A

It is with pleasure and great anticipation that Kinderland Pulomas has finally moved to its new location at Jalan kayu Putih raya No 15 A.

Our previous location has served us for almost twenty years, and there were many things that we are grateful for. We decided to re-locate from our current location due to the LRT construction as well as the LRT station which is located exactly in front of our previous premise. Therefore in an effort to keep our school safe and to provide our parents and children a newer and more conducive environment, Kinderland Pulomas has officially moved to the new site.

School activity started on Tuesday, 16th of October and children were excited to see the new building. The process would not have been possible without the endless support of our students' parents, teachers and staff of Kinderland Pulomas. We believe this change will allow us to continue growing and providing best early childhood education to the community.

## KINDERLAND MUARA KARANG FASHION SHOW

Kinderland Muara Karang had "Fashion Show Competition" on 3rd November 2018. Our Nursery, K1 and K2 students joined the fashion show. The costumes were required to be made from the recycled materials. Most of the parents attended to support the children.

The parents made the costumes from many different recycled materials. Some costumes were made from newspapers, some from detergent and snack packs and some made from the plastic bags. Kaitlyn from Nursery level was the 1st winner. She had so much confidence to walk and do some actions during the show. The 2nd winner was from K1 level named Peony and the 3rd winner was from K2 level named Jason.

All the children who participated for the fashion show competition also did very well. Good job, kids! Special thanks to the parents who supported and put their effort to make the costumes from the recycled materials.
